Westinghouse Criminal Conviction Reporting Requirements

Non-Westinghouse personnel, who are granted unescorted access to a U.S. Westinghouse site, are required to report any criminal conviction to Westinghouse Global Security within five (5) calendar days from the conviction, while they hold unescorted access at Westinghouse. It is not required to report minor motor vehicle violations unless involving drugs or alcohol.

Additionally, prior to re-enabling an unescorted access credential, non-Westinghouse personnel are required to report any criminal convictions to Westinghouse Global Security upon their return from a leave of absence greater than 60 days from a Westinghouse facility, while still employed with the same company to which they were cleared for unescorted access.

Failure to report a criminal conviction may result in the permanent disabling of the non-Westinghouse personnel's unescorted access credential.
